FEEDBACK

"We tip our wine glasses to you and your staff for your hard work in putting together such a great vacation for us. Who could have asked for anything more?"

Dear :

Have you been dreaming of Tuscany, inspired by the upcoming movie *Under the Tuscan Sun*? Classic Journeys has four tours in this famed region, and you can take a sneak peek at them and our other tours before our catalog arrives in home the week of October 6.

Choose from three wonderfully different ways to explore Tuscany:

- Cultural Walking Adventures
Tuscany & the Cinque Terre
Hilltowns of Tuscany & Umbria
- Cooking and Walking Tours
Taste of Tuscany
- Classic Family Journeys
Tuscany Family Journey

Explore the region depicted so lovingly in the book and film, and visit Cortona, the town where Frances Mayes lived. We have already seen increased demand for our Tuscany tours, so call now before the movie is released to experience Tuscany for yourself!

To join us in Tuscany, or any of our other cultural walking adventures, cooking tours, and family journeys worldwide, take a look at our website, www.classicjourneys.com, before the catalog is published as our small group tours often fill quickly.

If we can be of any assistance, just give us a call at 800-200-3887. We look forward to making your vacation exceptional.

Best regards,
Hilary Achauer
